

Cookie Policy

We may update this policy regularly; please check back to see changes based on Technology, Regulatory Compliance and Data Protection.

We have provided this cookie policy to tell you more about why we use cookies and other similar identifying technologies, the types of cookies and similar technologies we use, and your choices in relation to these technologies. In this cookie policy we use the term “cookies” to refer to cookies and other similar technologies covered by the EU Directive on privacy in electronic communications.

A cookie is a small text file that is saved to your computer or mobile device and acts to remember your browsing history, preferences and improve performance.

Cookies do not identify you but act to link your web browsers to the server providing content. This allows a more personal service which remembers your site visit preferences. Cookies and Web beacons can remember which Ads were displayed and customise the ongoing website experience.

You can control how cookies are used on your web browser by changing the settings, open the browser help menu and access settings to block or erase cookie activity. Please note that the website may not run as expected after changing cookie settings as cookies are used for site services e.g. security, logins and language choices.

We may partner with or receive services from third parties which you can visit from our website. We may also embed external content and features from such third parties within our website (e.g. social media networks such as LinkedIn, Facebook and Twitter). We do not control the content or links that appear on these sites and are not responsible for the practices employed by websites linked to or from our Site. In addition, these sites or services, including their content and links, may be constantly changing. These sites and services may have their own privacy policies and customer service policies. Browsing and interaction on any other website, including websites which have a link to our Site, is subject to that website’s own terms and policies.

Types of Cookies

Necessary cookies. These are cookies that are required for the operation of our website.

Performance cookies. They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that you are finding what they are looking for easily.

Functionality cookies. These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

Targeting cookies. These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.
